“How Do You Get Recruited”

Getting a college scholarship is a challenging goal for all of us. Colleges are looking for good statistical seasons, size, speed, strength, character, good grades, etc...

There are so many athletes that get overlooked because of the amount of talent out there. This is another part of the challenge that so many players and parents don't realize until this happens to them. I know because it happened to me.

So, the question is, “How do you get recruited?” Well, you had a great season, you're fast, you're big, and you're strong. What else? Answer: You need to market yourself! Talk to your coach, send out your highlight video with bio, and talk to a professional recruiting specialist.

Many believe if a player attends combines that this is another way to showcase their abilities. To a degree it is correct. But most combines do not provide what they should, recruiting knowledge, true exposure, and recruiting tools.

The Blue Chip Combine is built to provide all of the above. Completely reinventing the idea of the combine the RIGHT WAY!

We have spoke to many of the High School Coaches in the area and the support is extremely high. The feedback on the Highlight Video that every player will get is great. The video will help in recruiting and should be used as a tool to critique and fix your technique. This is something that colleges don't ever get to see and would be an enormous reason in getting a scholarship.

Every Play, Every Rep of will be filmed and every player gets this for no extra cost.

We also will have a recruiting specialist, Mike Jabaley of Highlight Reels, as a speaker to talk about the art of recruiting from the athlete's view and the college's view. This will be an eye opener! Highlight Reels LLC has 27 Colleges that they recruit for currently all over the United States!

Clearly this combine is designed to help players and parents understand the recruiting process and help players “Keep Playing!”

The Payoff

“It takes Hard Work! Maximum Preparation! Sweat, Sacrifice, with a Great Direction, to get the PAYOFF!”

Stone and Jordan (pictured above) are G.I.D. – Getting It Done. Stone, of the Kell Junior program, has had one of the biggest improvements in technique and football knowledge that I have seen in quite some time. And now he is starting TPA's 3rd aspect of a complete player by our position specific functional training. Check out his Technique at our website on our Roster Page.

Jordan is a tall gunslinger for the Walton Junior Raiders. We just finished planning his off season program and now 2 sessions in, where football knowledge and technique are on the menu. If you want to see a great Highlight Film, check him out at the TPA website on the Roster Page. You will see what I mean when I say gunslinger.

Quote Of The Month

“Every morning in Africa, a Gazelle wakes up. It knows it must run faster than the fastest lion or it will be killed. Every morning a Lion wakes up. It knows it must outrun the slowest Gazelle or it will starve to death. It doesn't matter whether you are a Lion or a Gazelle... when the sun comes up, you'd better be running.”
