THE PASSING ACADEMY IS A PRIVATE COACHING COMPANY THAT MAKES POTENTIAL HAPPEN

Joey Windler Against Roswell HS. Now Joey is deciding where to play collegiately.

Hey Joey Windler, What College?

Now many would say a record of 6 and 4 is not anything to hang your hat on, but if you look deeper you would see different.

Many of Walton HS players are looking to play beyond high school, and at a very high level. What a statement on the strength of the program, and you can hang your hat on that!

Joey Windler is talking with schools from west coast to east coast. His physical menu comes with 4.5 in the 40yd dash, a cannon for an arm that is pinpoint accurate. What school would not have an interest in that? There are over 30 big schools looking in to Joey.

So, the question at hand, "Joey, where are you going to play?" And as complex as it is to understand the recruiting process, he answered, "I don't know, but I just want to play football!"

With options like Central Michigan, Tennessee, SMU, and many more, mark my words, he will be successful no matter the level, coast, or college.

Keep your eyes and ears on Joey's decision because it is going to be impressive and a major stepping stone in his amazing football career.

JACK HARDIN PLAYING HARD BALL

In 2008 Jack Hardin's East Cobb Vikings went undefeated and won the SUPERBOWL with him at the helm! In 2009 there was the same vision of taking that trophy home. The Vikings went undefeated again in the regular season, making it to the semi finals before their streak found its end.

Let there be no mistake about Jack and his Vikings, they won as a team and lost as a team. Jack exemplified leadership by playing every play with 100% aggression until the clock read 0:00. I believe he still would say that they did not lose, the clock just ran out on them. That is how much Jack does not like the "losing thing."

The way Jack plays quarterback is much how people once said I played the position, "like a linebacker." I respect that type of aggression! Leave it all out there, good job Jack!
