

THE TPA NEWS

THE PASSING ACADEMY IS A PRIVATE COACHING COMPANY THAT MAKES POTENTIAL HAPPEN

Corbin Golyer warming up on the sideline getting ready for his next opportunity.

The Fight of The Under Dog

Everyone has heard the story of the underdog and everyone has been one at one point in their life. Well Corbin Golyer is dealing with this right now! This is the beauty of football. It provides hurdles to get over, no matter the size, giving Life Lessons!

Corbin is a rising junior at North Cobb High School, and wants the starting Varsity Quarterback job. He has tried to play the position since he was a freshman, a dream we most have! As a freshman, he played only 3 plays, rushing for over 50 yards. At the beginning of his Sophomore season he had yet to win the starting position and was asked to play defense. And to the eye test, he certainly could do well on defense. But wait, Corbin's dream may be pushed away if he played on the other side of the ball.

Let's rewind, when Corbin had his first practice with The Passing Academy 2 years ago, there was a question of skill and potential. He was told of the required commitment it would take to get his skill level to the point where he could start as a High School Varsity QB. It would require above and beyond the normal work ethic. He acknowledged and said he was going to give it everything he had! The other side of it was that he was going to need experience in the heat of battle to truly prepare him for the Varsity job.

Sophomore Season JV- Corbin played much more than his freshman year, though still no starting job. Come game 6 against Harrison HS. Corbin "got the keys to the car" and started! And for his first start ever, he played extremely well. Now his team did not win, though if you take some of his plays: he completed corners, bang 8s, seems, roll out/flats, posts, and rushing for about 30 yards, with a passing TD.

Skill level now high from his hard work, his experience building, and confidence growing; Corbin started the last JV game of the year against an undefeated team. Throwing for multiple TD's, running for TD's, completing almost 100% of his passing- North Cobb HS JV beat the undefeated East Paulding HS's JV team with inspiring play from Corbin Golyer. WOW, who's ready for the *Rocky* theme song, "The Eye Of The Tiger?" Keep it up Corbin!

ANNOUNCEMENTS:

New Students Signed to The Passing Academy

Clay Chastain of Harrison High School is a two sport athlete with football and baseball. Note this: "Big Arm." We are very excited about this student!

Matthew Cory of the Roswell Hornets is an obvious example of an athlete beyond his years. It is clear that decision making will make his success inevitable.

Christopher Cory of the Roswell Junior Hornets. With an eye of perfection he has a constant high standard that allows him to easily put in hard work. This is a great characteristic.

Davis Kelly of the Roswell Junior Hornets has begun his quest for perfecting is throwing technique and has shown some excellent progress thus far!
